

NNTT Assistance and PBC Support Services

Assistance with Indigenous Land Use Agreements (ILUAs)

Any party can request assistance from the NNTT to:

- negotiate an ILUA; or
- resolve a dispute in relation to the registration of an ILUA.

The Native Title Registrar and her staff can assist you to:

- prepare an application for registration of an ILUA; or
- provide you with feedback about whether an ILUA will meet the requirements for registration.

For further information, see the [NNTT website](#) and ILUA factsheet.

Geospatial Services

We can provide the following services:

- Preparation of maps and written descriptions for claim and ILUA areas, along with customised mapping products.
- Compliance advice on maps and descriptions in relation to registration.
- Spatial searches of the Registers, including the National Native Title Register, the Register of Native Title Claims and the Register of Indigenous Land Use Agreements.
- Training in the use of Native Title Vision Plus (NTV+).

For further information, see the [NNTT website](#).

Future Act Mediation

Any party can make a request under s 31(3) of the *Native Title Act 1993* (Cth) (NTA) for the NNTT to mediate between the parties to assist them in reaching agreement. Mediation conferences are conducted by special mediators who will help parties explore issues and develop options for agreement.

Issues causing disagreement might be related to funding of negotiations and negotiation meetings, appropriate cultural heritage arrangements, access arrangements, a lack of information about the proposal and related commercial values or compensation - including the nature and quantum of payments, and/or whether they include royalties.

For further information, see the [NNTT website](#).

Dispute Resolution Assistance

The NNTT may assist in dispute management and resolution at the request of native title holders or PBCs.

The NNTT can facilitate a process for native title holders or PBCs to access information and to talk to people in order to work out their own solutions. It can also provide mediation assistance so that people in disagreement can talk to each other. For further information, see the NNTT website and 'How the NNTT can help you resolve a dispute' factsheet or email PBCassist@nntt.gov.au.
