Hi Colin,

No cadastre date was provided. The note in relation to the source and date of the cadastre is to assist in the future should the lot details change.

Lots may get subdivided or new survey plans lodged which will change the details and this reference locks in at a point in time.

Please let me know if you have any further queries.

Regards

Dear Mapping Officer

I act for the Bigambul Native Title Aboriginal Corporation (BNTAC). I attach a notice of an authorisation meeting to be held to consider filing a Native Title Determination Application over a single lot. BTNC is the registered proprietor of this lot and it is held by them on trust for the Bigambul People.

I have been instructed to request the assistance of the Tribunal in preparing an area description and mapping in preparation for the authorisation meeting and the filing of a Form 1.

We look forward to receiving your advices as soon as possible.

Kind Regards
