Western Overlap Area

The area covers all the waters below the high water mark within the external boundary described as:

Commencing at a corner of Native Title Determination QUD6040/2001 Torres Strait Regional Sea Claim (QCD2010/003) at approximate Longitude 141.854566° East, Latitude 10.556823° South and extending generally easterly passing through the following coordinate points:

Longitude (East)	Latitude (South)
142.134470	10.556816
142.201137	10.511814
142.251138	10.508479
142.276138	10.500145

Then easterly to a corner of Native Title Determination QUD6040/2001 Torres Strait Regional Sea Claim (QCD2010/003) at approximate Longitude 142.539358° East, Latitude 10.500147° South; then generally north westerly, generally westerly and generally south westerly along boundaries of that native title determination back to the commencement point.

Notes:

Data Reference and source

- Area boundary compiled by the National Native Title Tribunal based on information or instructions provided by the applicants.
- Cadastre data sourced from Department of Resources (QLD), January 2022.
- Local Government Authority data sourced from Department of Resources (QLD), December 2021.

Reference datum

Geographical coordinates have been provided by the NNTT Geospatial Services and are referenced to the Geocentric Datum of Australia 2020 (GDA2020), in decimal degrees and are based on the spatial reference data acquired from the various custodians at the time.

Use of Coordinates

Where coordinates are used within the description to represent cadastral or topographical boundaries or the intersection with such, they are intended as a guide only. As an outcome of the custodians of cadastral and topographic data continuously recalculating the geographic position of their data based on improved survey and data maintenance procedures, it is not possible to accurately define such a position other than by detailed ground survey.
