

# "ATTACHMENT B1"

## EXCLUDING

The Claimed area excludes Mining Lease ML20239 (previously applied for by the Yalanji Peoples) described as

All that piece or parcel of land covered by Mining Lease ML20239 being part of Lot 2 CP10 (formerly Lot 2 CP910819) and being further described as

Commencing at a datum post being a point located at a magnetic bearing of 185 degrees 137 metres from the reference start point being the junction of unnamed gully in Greasy Bill Creek being the third Gully above the main junction and the first above Dam Gully at old plant site.

and bounded thence by lines

Magnetic Bearing	186°	Distant	320 Metres
Magnetic Bearing	249°	Distant	840 Metres
Magnetic Bearing	343°	Distant	320 Metres
Magnetic Bearing	71°	Distant	964 Metres

Back to the point of commencement and having an area of approximately 27.4 hectares.

Mining Lease ML20239 is located at approximately:

- latitude 16° 12' 50" south
- longitude 144° 21' 40" east

and is more accurately described by mining posts situated in the ground.
