## Note

### Data Reference and source

- Application boundary compiled by National Native Title Tribunal based on information or instructions provided by the applicants.
- Cadastre data sourced from Department of Natural Resources and Mines, Qld (February, 2015).
- Rivers and creeks based on casement data (Aug, 2015) where available, else Queensland Topographic Map Cache Service 1:25,000 (2014) data sourced from Department of Natural Resources and Mines, Qld.

### Reference datum

Coordinates were provided to the NNTT Geospatial Services and are referenced to the Map Grid of Australia 1994 (MGA94) Zone 55, in Eastings and Northings shown to three decimal places.

Geographical coordinates are referenced to the Geocentric Datum of Australia 1994 (GDA94), in decimal degrees and are based on the spatial reference data acquired from the various custodians at the time

### Use of Coordinates

Where coordinates are used within the description to represent cadastral or topographical boundaries or the intersection with such, they are intended as a guide only. As an outcome of the custodians of cadastral and topographic data continuously recalculating the geographic position of their data based on improved survey and data maintenance procedures, it is not possible to accurately define such a position other than by detailed ground survey.
