

ATTACHMENT B

**External Boundary Description**

The application area covers all the land and waters within the external boundary described as:

Commencing in the centre of the mouth of the Murray River at high water then generally north westerly and generally south westerly along the centreline of the northern channel of that river; then generally south westerly and generally north westerly along the centreline of that river to an unnamed watercourse at Longitude 145.851919° East, Latitude 18.016160° South; then generally north westerly along that watercourse to its end point at Latitude 17.978220° South; then north westerly to an unnamed creek at Longitude 145.781310° East, Latitude 17.976400° South; then generally north westerly and generally north easterly along that creek to Davidson Creek; then generally westerly along the centreline of that creek to Longitude 17.978220° South; then north westerly to an unnamed creek at Longitude 145.78310° East, Latitude 17.976400° South; then generally north westerly and generally north easterly along that creek to Davidson Creek; then generally westerly along the centreline of that creek to Longitude 145.741667° East; then north westerly to a corner on the eastern boundary of Lot 66 on Plan NPW890 at Latitude 17.953749° South, also a point on the boundary of native title determination QUD42/2004 Jirrbal People #3 (QCD2010/006); then generally northerly along the eastern boundary of that lot to a corner at Latitude 17.909171° South; then north easterly to a point on the southern boundary of Lot 66 on Plan NPW890 Tully Gorge National Park at Longitude 145.785829° East; Latitude 17.887051° South, then generally easterly and northerly along the southern and eastern boundaries of that lot to the centreline of Jarra Creek; then generally north westerly along the centreline of that creek to its end point at Latitude 17.759440° South; then north easterly to a northern boundary of Lot 66 on Plan NPW890 Tully Gorge National Park at Longitude 145.771231° East, being the mountain peak shown as elevation 705 on 1:100,000 topographic map 8062 "Tully"; then generally easterly and generally south easterly along the northern boundary of that lot to the centreline of Liverpool Creek; then generally northerly and generally easterly along the centreline of that creek to the eastern boundary of Lot 55 on Plan NPW896 (Japoon National Park); then generally easterly and generally southerly along the eastern and northern boundaries of that National Park to former Lot 196 on Plan NR1114, also being the southernmost corner of Lot 36 on Plan NR1578; then generally southerly, generally easterly, generally northerly, and generally north westerly along the western, southern, eastern and northern boundaries of that former lot to again the northern boundary of Lot 55 on Plan NPW896; then generally northerly and generally south easterly, along the northern and eastern boundaries of that Lot to the southern bank of South Liverpool Creek; then south westerly to the source of North Maria Creek at Longitude 145.970665° East; then south easterly through the following coordinate points:

| Longitude ° East | Latitude° South |
|------------------|-----------------|
| 145.971899       | 17.802069       |
| 145.972709       | 17.807763       |
| 145.972853       | 17.808772       |
| 145.973128       | 17.810710       |
| 145.974226       | 17.818432       |
| 145.978763       | 17.850324       |

Then southerly to the southern boundary of Lot 66 on Plan NPW890 at Longitude 145.979154° East; then generally south easterly through the following coordinate points;

| Longitude° East | Latitude° South |
|-----------------|-----------------|
| 145.980643      | 17.853941       |
| 145.984230      | 17.856039       |
| 145.984492      | 17.856229       |
| 145.984767      | 17.856391       |
| 145.991140      | 17.860081       |
| 145.993635      | 17.861540       |
| 145.997261      | 17.863661       |
| 146.000881      | 17.865778       |

Then south westerly to Jacobs Knob at Longitude 145.950000° East, Latitude 17.916661° South, then generally south easterly through the following coordinate points:

| Longitude° East | Latitude° South |
|-----------------|-----------------|
| 145.981572      | 17.927237       |
| 146.006218      | 17.941052       |
| 146.006504      | 17.941212       |
| 147.007584      | 17.941818       |

Then south easterly to the south west corner of former Lot 646 on Plan CAR124226, then continuing south easterly to the centreline of the Hull River where it meets the prolongation south easterly of the centreline of Carmoo Creek; then generally north easterly and south easterly along the centreline of that river, taking the centreline of the southern channel to the intersection of the mouth of that river and the high water mark of the mainland coastline; the generally south westerly along that high water mark, crossing the mouths of any waterways between the seaward extremities of each of the opposite banks of each such waterway back to the commencement point.

#### Exclusions

The determination of native title QUD42/2004 Jirrbal People #3 (QCD2010/006) as determined in the Federal Court on 8 October 2010;

The determination of native title QUD6014/2001 Mamu People (QCD2013/005) as determined in the Federal Court on 1 November 2013;

The determination of native title QUD6003/2003 Djiru People #2 (QCD2011/005) as determined in the Federal Court of 1 September 2011.

#### Note

##### Data reference and source

Application boundary data compiled by National Native Title Tribunal based on data sourced from Department of Natural Resources and Mines, Qld;

Determination of native title QUD42/2004 Jirrbal People #3 (QCD2010/006) as determined in the Federal Court on 8 October 2010;

Determination of native title QUD 6014/2001 Mamu People (QCD2013/005) as determined in the Federal Court on 1 November 2013;

Determination of native title QUD6003/2003 Djiru People #2 (QCD2011/005) as determined in the Federal Court on 1 September 2011;

Cadastral data sourced from Department of Natural Resources and Mines, Qld (1 February 2014).

High water mark is as defined in the Qld Land Act 1994;

Rivers/Creeks where available are based on casement data sourced from Department of Natural Resources and Mines, Qld (1 February 2014) - else Topographic vector data is © Commonwealth of Australia (Geoscience Australia) 2003.

Topographic data (1:100,000) sourced from Department of Natural Resources and Mines, Qld (July 2002).

### **Reference datum**

Geographical coordinates have been provided by the NNTT Geospatial Services and are referenced to the Geocentric Datum of Australia 1994 (GDA94), in decimal degrees and are based on the spatial reference data acquired from the various custodians at the time.

### **Use of Coordinates**

Where coordinates are used within the description to represent cadastral or topographical boundaries or the intersection with such, they are intended as a guide only. As an outcome to the custodians of cadastral and topographic data continuously recalculating the geographic position on their data based on improved survey and data maintenance procedures, it is not possible to accurately define such a position other than by detailed ground survey.

Prepared by Geospatial Service, National Native Title Tribunal (16 April 2014).

To the extent that there is any inconsistency between the written description and the map at Attachment C the written description prevails.
