

Ankamuthi People #2

External boundary description

The application area covers all the land and waters within the external boundary described as:

Commencing at the intersection of the centreline of the Ducie River and the eastern boundary of Lot 8 on MP14466 and extending generally north westerly along the centreline of that river to its mouth at Port Musgrave; then north westerly to the southernmost point of Lot 9 on SP204113, being a point on the northern bank of the Ducie River; then generally north easterly and generally south easterly along the northern bank of that River to the eastern boundary of Lot 8 on MP14466; then southerly along the boundary of that lot back to the commencement point.

Note

Data Reference and source

- Application boundary data compiled by National Native Title Tribunal.
- Rivers/Creeks where available are based on Casement data sourced from the Department of Natural Resources and Mines, Qld (February, 2014) – *else* Topographic vector data is © Commonwealth of Australia (Geoscience Australia) 2008.
- Non-Freehold data sourced from Department of Natural Resources and Mines, Qld (February, 2014).

Reference datum

Geographical coordinates have been provided by the NNTT Geospatial Services and are referenced to the Geocentric Datum of Australia 1994 (GDA94), in decimal degrees and are based on the spatial reference data acquired from the various custodians at the time

Use of Coordinates

Where coordinates are used within the description to represent cadastral or topographical boundaries or the intersection with such, they are intended as a guide only. As an outcome to the custodians of cadastral and topographic data continuously recalculating the geographic position of their data based on improved survey and data maintenance procedures, it is not possible to accurately define such a position other than by detailed ground survey.

Prepared by Geospatial Services, National Native Title Tribunal (17 July 2014)
