

Attachment "B3"

SAD33/2012 Wilyakali (SC2012/001)

External boundary description

The application area covers all the land and waters within the external boundary described as:

Commencing at a point on the New South Wales – South Australia State Border at Latitude 31.249987° South and extending southerly along that state border to Latitude 32.766653° South; then south westerly to the intersection with the eastern boundary of Pastoral Lease PE002224 (Quondong) at Latitude 32.869397° South, then south westerly, northerly, and north westerly passing through the following coordinate points:

| Longitude (East) | Latitude (South) |
|-------------------------|-------------------------|
| 139.983881 | 32.949759 |
| 139.983881 | 32.677172 |
| 139.866395 | 32.659921 |

Then northerly to the south eastern corner of the southern severance of Pastoral Lease PE002255 (Winnininnie); then northerly along the eastern boundary of that pastoral lease to the north western corner of Pastoral Lease PE002213 (Oulnina); then extending along the prolongation northerly of the western boundary of that pastoral lease to intersect the southern boundary of the Barrier Highway road corridor, also being a point on the southern boundary of Native Title Determination SAD6001/1998, SAD147/2010, SAD417/2015 Adnyamathanha, Ngadjuri and Wilyakali Overlap Claim (SCD2018/002); then generally north easterly and generally northerly along the southern and eastern boundaries of that native title determination to a point at Latitude 31.476869° South, then north easterly back to the commencement point.

Note

Data Reference and source

- Application boundary compiled by National Native Title Tribunal based on information or instructions provided by the applicants.
- Native Title Determination SAD6001/1998, SAD147/2010, SAD417/2015 Adnyamathanha, Ngadjuri and Wilyakali Overlap Claim (SCD2018/002) as determined by the Federal Court of Australia on 14 December 2018.
- Non-Freehold land tenure data sourced from DPTI (SA), October 2020.

Reference datum

Geographical coordinates have been provided by the NNTT Geospatial Services and are referenced to the Geocentric Datum of Australia 2020 (GDA2020), in decimal degrees and are based on the spatial reference data acquired from the various custodians at the time

Use of Coordinates

Where coordinates are used within the description to represent cadastral or topographical boundaries or the intersection with such, they are intended as a guide only. As an outcome of the custodians of cadastral and topographic data continuously recalculating the geographic position of their data based on improved survey and data maintenance procedures, it is not possible to accurately define such a position other than by detailed ground survey.

Prepared by Geospatial Services, National Native Title Tribunal (8 April 2021)
