### **Note**

#### **Data Reference and source**

- Application boundary compiled by National Native Title Tribunal based on information or instructions provided by the applicants.
- Cadastre data sourced from the Department of Environment, Land, Water & Planning (Vic), May 2023.

- Roads and watercourses based on cadastre data where available, else 1:25K topographic data sourced from the Department of Environment, Land, Water & Planning (Vic), November 2020. Reference to roads and rivers refers to the centreline of those features.
- Coastline based upon cadastre data were available, else Local Government Area data sourced from the Department of Environment, Land, Water & Planning (Vic), May 2023.

### **Reference datum**

Geographical coordinates are referenced to the Geocentric Datum of Australia 2020 (GDA2020), in decimal degrees and are based on the spatial reference data acquired from the various custodians at the time.

### **Use of Coordinates**

Where coordinates are used within the description to represent cadastral or topographical boundaries or the intersection with such, they are intended as a guide only. As an outcome of the custodians of cadastral and topographic data continuously recalculating the geographic position of their data based on improved survey and data maintenance procedures, it is not possible to accurately define such a position other than by detailed ground survey.
