Note: **Geographic Co-ordinates provided in Decimal Degrees.**
Spatial Cadastral Data sourced from Landgate, dated August 2010.
All referenced Deposited Plans and Diagrams are held by the Western Australian Land Information Authority, trading as Landgate.

Datum: **Geocentric Datum of Australia (1994).**

Prepared by: **Native Title Spatial Services (Landgate), 29 October 2010.**

Use of Co-ordinates:

Where co-ordinates are used within the description to represent cadastral or topographical boundaries or the intersection with such, they are intended as a guide only. As an outcome to the custodians of cadastral and topographic data continuously recalculating the geographic position of their data based on improved survey and data maintenance procedures, it is not possible to accurately define such a position other than by detailed ground survey.
