

# Extract from Register of Indigenous Land Use Agreements

---

<b>NNTT number</b>	QI2017/001
<b>Short name</b>	Indjalandji-Dhidhanu and Jemena Northern Gas Pipeline Project ILUA
<b>ILUA type</b>	Body Corporate
<b>Date registered</b>	16/03/2017
<b>State/territory</b>	Queensland
<b>Local government region</b>	Mount Isa City Council

---

## Description of the area covered by the agreement

"ILUA Area" means the land and water described in Schedule 1 and shown on the map in Schedule 2.

[A map of the agreement area is contained in Schedule 2 of the agreement. A copy of Schedule 1 and 2 are attached to this register extract].

[The following general description of the agreement area has been provided by the National Native Title Tribunal to assist people to understand the location of the agreement area. It is provided for information only and should not be considered part of the Register of ILUAs:

Agreement area covers about 642 sq km, about 37 km west of Mount Isa, 75 km south of Camooweal and extending about 118 km easterly from the Northern Territory border].

## Parties to agreement

### *Applicant*

---

<b>Party name</b>	Jemena Northern Gas Pipeline Pty Ltd
<b>Contact address</b>	Level 16, 567 Collins Street Melbourne VIC 3000

### *Other Parties*

---

<b>Party name</b>	Indjalandji-Dhidhanu Aboriginal Corporation RNTBC (ICN 7791) as the agent Registered Native Title Body Corporate under the Approved Determination of Native Title on its own behalf and on behalf of the Native Title Holders
<b>Contact address</b>	c/- HWL Ebsworth Lawyers GPO Box 2033 Brisbane QLD 4001

---

<b>Start date</b>	21/12/2016
<b>End Date</b>	not specified

---

3.1 This Agreement commences on the Commencement Date and terminates on the Termination Date.

"Termination Date" means the date that the Principal Agreement terminates.

## Statements of the kind mentioned in ss. 24EB(1) or 24EBA(1) or (4)

4.1 To the extent that any or all of the Relevant Acts constitute or amount to a Future Act, the Parties consent to the doing of any or all of those Relevant Acts and agree not to challenge the validity of the Relevant Acts at any time in the future.

4.2 The right to negotiate provisions of Subdivision P of Division 3 of Part 2 of the Native Title Act are not intended to apply to the doing of any or all of the Relevant Acts.

"Relevant Acts" means, without limitation, any or all of the following acts for the purposes of the Project in respect of the ILUA Area:

- (a) the Grant of the Authorisations;
- (b) the Grant of the Access Tenure;
- (c) the conduct of the Activities and the Project; and
- (d) any and all acts necessary or incidental to the Relevant Acts or to the implementation of the Project provided that such acts have no greater effect on Native Title than any of the acts done in accordance with paragraphs (a), (b) and (c).

"Access Tenure" means any right, title or interest (including a temporary licence) or any other interests (such as any lease, permit or easement) in land Granted to the Company in the ILUA Area for the Project including the rights Granted to the Company pursuant to any agreement with any landowner.

"Activities" means activities relating to the undertaking of the Project.

"Authorisations" means any authorisation, declaration, agreement, certificate, authority, permit, consent, approval, resolution, licence, exemption, permission, recording, filing, registration, notarisation or waiver, however described and in whatever form required by any Authority or any Applicable Law including the Pipeline Licence.

"Project" means:

(a) the planning, construction, commissioning, operation, maintenance, decommissioning and rehabilitation of a single 12" diameter buried high pressure gas transmission pipeline (as the term "pipeline" is defined in the Petroleum and Gas Act) from the Amadeus Gas Pipeline near Tennant Creek (in the Northern Territory) to the Carpentaria Gas Pipeline near Mount Isa (in Queensland) along with associated above and below ground facilities at various locations including:

- (i) construction camps (temporarily);
  - (ii) support facilities (temporarily);
  - (iii) lay-down and storage areas;
  - (iv) communication and power systems;
  - (v) marker signs;
  - (vi) temporary or permanent access tracks;
  - (vii) roads for the construction, maintenance and inspection of the pipeline including:
    - (A) to transport materials and any other goods, plant, equipment and personnel; and
    - (B) all associated infrastructure, apparatus and equipment necessary to support or protect such roads including bridges, drainage works, borrow pits, access roads, fencing and signage;
  - (viii) extractive mineral borrow pits;
  - (ix) cathodic protection facilities and anode sites;
  - (x) pumps;
  - (xi) valves, valve stations and access valve sites;
  - (xii) temporary and permanent water bores or other water collection facilities and storage facilities for dust suppression and other uses;
  - (xiii) fuel tank storage;
  - (xiv) waste storage, treatment or ponds; and
  - (xv) generator sets for electricity generation; and
- (b) anything incidental to or associated with any purpose listed in paragraph (a) above, but does not include:
- (c) compressor stations;
  - (d) additional pipelines or lateral connections; or
  - (e) infrastructure for duplication or looping.
