## Note

### Data Reference and source

- External boundary compiled by Queensland South Native Title Services May 2021 based on spatial data sourced from Commonwealth of Australia, NNTT April 2021.
- Culgoa and Balonne River where possible based on cadastral data sourced from State of Queensland, Department of Resources May 2021.
- Elsewhere watercourses and creeks based on 1:250k Topographic vector data © Commonwealth of Australia, (Geoscience Australia) 2008.

### Reference datum

Geographical coordinates are referenced to the Geocentric Datum of Australia 2020 (GDA2020), in decimal degrees.

### Use of Coordinates

Where coordinates are used within the description to represent cadastral or topographical boundaries or the intersection with such, they are intended as a guide only. As an outcome to the custodians of cadastral and topographic data continuously recalculating the geographic position of their data based on improved survey and data maintenance procedures, it is not possible to accurately define such a position other than by detailed ground survey.
