

### **SCHEDULE 3**

### **EXTERNAL BOUNDARY**

The area of land and waters commencing at the intersection of the western bank of the Boyne River and the southern bank of the Burnett River and extending north-easterly to the northern boundary of the Boyne & Auburn Rivers Sub Basin Catchment Area at Longitude 151.224701° East; then generally easterly and generally southerly along boundaries of that catchment area to its intersection with a northern boundary of the South Burnett Regional Council; then generally easterly along boundaries of that regional council to a corner at Longitude 151.653244° East; then north-easterly to the western boundary of the Barker & Barambah Creeks Sub Basin Catchment Area at Latitude 25.872210° South; then generally north-easterly, generally northerly and generally easterly along boundaries of that catchment area to the eastern boundary of the North Burnett Regional Council; then generally southerly along boundaries of that regional council to its intersection with the northern boundary of the Gympie Regional Council; then generally south-easterly, generally southerly, generally easterly and generally southerly along the boundaries of that regional council to its intersection with the eastern boundary of again the Barker & Barambah Creeks Sub Basin Catchment Area at Latitude 25.886767° South; then generally southerly along boundaries of that catchment area to Latitude 26.461603° South; then southerly to a corner on the southern boundary of again the Gympie Regional Council at Longitude 152.370770° East; then generally westerly and generally southerly along boundaries of that regional council, and southern and eastern boundaries of the South Burnett Regional Council to Latitude 26.663401° South; then westerly to the south-eastern boundary of again the Barker & Barambah Creeks Sub Basin Catchment Area at Longitude 152.074389° East; then generally south-westerly along boundaries of that catchment area to its intersection with the southern boundary of again the South Burnett Regional Council; then generally south-westerly and generally north-westerly along boundaries of that regional council to the south-western corner of Lot 94 on Plan BO27; then generally easterly along the southern boundary of that lot and southern boundaries of Lot 18 on Plan BO27 to the southernmost south-western corner of Lot 12 on Plan RP50030; then north-easterly to the headwaters of the Boyne River at Longitude 151.530431° East, Latitude 26.757979° South; then generally northerly, generally north-westerly, generally northerly and generally north-easterly along the centreline of that river to the intersection with the centreline of Lot 16 on SP107475, also Boondooma Lake (formerly the Boyne River) at Latitude 26.216134 South; then generally north-easterly

along the centreline of that Lot, centrelines of Lot 18 on SP107475, Lot 13 on Plan SP107477 and Lot 20 on Plan SP142310 to the northern boundary of Lot 20 on Plan SP142310; then westerly along the boundary of that lot to the western bank of the Boyne River; then generally northerly and generally north-westerly along banks of that river back to the commencement point.

### **Exclusions**

This external boundary description does not include any land and waters within the external boundaries of the following native title determinations and native title applications:

- QUD31/2019 – Auburn Hawkwood People as determined by the Federal Court (25 November 2019).
- QUD277/2019 – Wakka Wakka People #4 as accepted for registration (26 November 2021).
- QUD20/2019 – Kabi Kabi First Nation as accepted for registration (3 November 2021).

### **Data Reference and Source**

- External boundary description compiled by Queensland South Native Title Services, based on spatial data sourced from the State of Queensland, Department of Resources (December 2021).
- Cadastral data sourced from State of Queensland, Department of Resources (September 2021).
- Local Government Boundaries (LGA) sourced from State of Queensland, Department of Resources (November 2020).
- Where possible watercourse boundaries were derived from cadastral data elsewhere 1:250K Topographic Vector Data is © Commonwealth of Australia (Geoscience Australia) 2008.
- Centreline of former Boyne River derived from cadastral data sourced from State of Queensland, Department of Resources (September 2021).
- Catchment boundaries sourced from the Drainage Basin Sub-Areas data sourced from State of Queensland, Department of Resources (May 2021).

## **Reference Datum**

Geographical coordinates are referenced to the Geocentric Datum of Australia 2020 (GDA 2020), in decimal degrees and are based on the spatial reference data acquired from the various custodians at the time.

## **Use of Coordinates**

Where coordinates are used within the description to represent cadastral or topographical boundaries or the intersection with such, they are intended as a guide only. As an outcome to the custodians of cadastral and topographic data continuously recalculating the geographic position of their data based on improved survey and data maintenance procedures, it is not possible to accurately define such a position other than by detailed ground survey.
