

SCHEDULE 3

EXTERNAL BOUNDARY

External Boundary Description Part 1

Part 1 covers all the lands and waters within the external boundary described as:

Commencing at the intersection of the eastern bank of the Burnett River and the westernmost south-western corner of Lot 47 on C371258 at Latitude 25.273999° South, a point on the northern boundary of North Burnett Regional Council, then generally easterly and generally south-easterly along boundaries of that regional council to its intersection with the northernmost corner of Lot 58 on SP214525; then generally south-easterly along eastern boundaries of that lot, eastern boundaries of Lot 57 on SP214525 and Lot 56 on SP214525 to a corner of that lot at Latitude 25.348393° South; then south-easterly to the eastern boundary of Mount Goonaneman Road at Latitude 25.348804° South; then generally southerly and generally south-easterly along boundaries of that road and northern boundaries of Bullock Head Road to the south-eastern corner of Lot 142 on CK724; then easterly to a point on an eastern boundary of again the North Burnett Regional Council boundary at Latitude 25.379567° South; then generally south-easterly, generally southerly and generally south-westerly along boundaries of that regional council to its intersection with the northern boundary of the Barker & Barambah Creeks Sub Basin Catchment Area, southern boundary of the Lower Burnett River Sub-Basin Catchment Area; then generally westerly along boundaries of that catchment to its intersection with the eastern bank of the Burnett River; then generally northerly, generally easterly and generally north-easterly along banks of that river back to the commencement point.

External Boundary Description Part 2

Part 2 covers all the lands and waters within the external boundary described as:

Commencing at the intersection of the eastern bank of the Burnett River and the northern boundary of the Boyne & Auburn Rivers Sub-Basin Catchment Area, southern boundary of the Lower Burnett River Sub-Basin Catchment Area and extending generally northerly and generally easterly along the eastern and southern banks of the Burnett River to its intersection with a western boundary of the Barker & Barambah Creeks Sub Basin Catchment Area, eastern boundary of the Lower Burnett River Sub-Basin Catchment Area; then generally southerly along boundaries of that catchment area to Latitude 25.872209° South; then south-westerly to a corner of the South Burnett and North Burnett Regional Councils at Longitude 151.653244° East; then generally westerly along boundaries of North Burnett Regional Council to its intersection with a northern boundary of the Boyne & Auburn Rivers Sub Basin Catchment Area, southern boundary of again the Lower Burnett River Sub Catchment Area at Longitude 151.517898° East; then generally northerly and generally westerly along boundaries of the catchment back to the commencement point.

Exclusions

This external boundary description does not include any land and waters within the external boundaries of the following native title determinations and native title applications:

- QUD6026/2001 Bailai, Gurang, Gooreng Gooreng, Taribelang Bunda People as determined by the Federal Court (28 November 2017).
- QUD276/2019 Wakka Wakka People #3 as accepted for registration (29 January 2021).
- QUD20/2019 Kabi Kabi First Nation as accepted for registration (3 November 2021).

Data Reference and Source

- External boundary description compiled by Queensland South Native Title Services, based on spatial data sourced from the State of Queensland, Department of Resources (December 2021).

- External boundary description based in part on data sourced from Commonwealth of Australia, NNTT (November 2021)
- Cadastral data sourced from State of Queensland, Department of Resources (September 2021).
- Watercourse boundaries derived from Cadastral data
- Catchment boundaries sourced from the Drainage basin sub-areas data sourced from State of Queensland, Department of Resources (May 2021).
- Local Government Boundaries (LGA) sourced from State of Queensland, Department of Resources (November 2020)
- Road names based on Baseline Roads and Tracks data sourced from State of Queensland, Department of Resources (June 2021)

Reference Datum

Geographical coordinates referenced to the Geocentric Datum of Australia 2020 (GDA2020), in decimal degrees and based on the spatial reference data acquired from the various custodians at the time.

Use of Coordinates

Where coordinates are used within the description to represent cadastral or topographical boundaries or the intersection with such, they are intended as a guide only. As an outcome to the custodians of cadastral and topographic data continuously recalculating the geographic position of their data based on improved survey and data maintenance procedures, it is not possible to accurately define such a position other than by detailed ground survey.
