12. Native title rights and interests do not exist in respect of those parts of the Determination Area being any house, shed or other building or airstrip or any dam or other stock watering point constructed pursuant to the pastoral leases referred to in Paragraph 11(a). These areas comprise the land on which the improvements of the kind referred to herein have been constructed prior to the date hereof and include any adjacent land or waters the exclusive use of which is necessary for the enjoyment of the improvements referred to.

13. For the avoidance of doubt, Paragraph 12 does not preclude the possibility of further extinguishment, according to law, of native title over other limited parts of the Determination Area by reason of the construction of new pastoral improvements of the kind referred to in Paragraph 12 after the date of this determination.

14. Subject to Paragraph 15, the relationship between the native title rights and interests in the Determination Area that are described in Paragraph 7 and the other rights and interests that are referred to in Paragraph 11 ("the Other rights and interests") is that:

- (a) the Other rights and interests co-exist with the native title rights and interests;

- (a) Minerals, as defined in section 6 of the *Mining Act 1971* (SA); or

(e) geothermal energy, as defined in section 4 of the *Petroleum and Geothermal Energy Act 2000* (SA) the source of which is below a depth of 100 metres from the surface of the earth.

For the purposes of this Paragraph 15 and the avoidance of doubt:

(i) a geological structure (in whole or in part) on or at the earth's surface or a natural cavity which can be accessed or entered by a person through a natural opening in the earth's surface, is not a natural reservoir;

(ii) thermal energy contained in a hot or natural spring is not geothermal energy as defined in section 4 of the *Petroleum and Geothermal Energy Act 2000* (SA);

(iii) the absence from this order of any reference to a natural reservoir or a naturally occurring accumulation of a regulated substance, as those terms are defined in section 4 of the *Petroleum and Geothermal Energy Act 2000* (SA), above a depth 100 metres below the surface of the earth or geothermal energy the source of which is above a depth of 100 metres below the surface of the earth is not, of itself, to be taken as an indication of the existence or otherwise of native title rights or interests in such natural reservoir, naturally occurring accumulation of a regulated substance or geothermal energy.

16. Native title rights do not exist in the areas covered by public works attributable to the State or Commonwealth (including the land defined in section 251D of the *Native Title Act*) which were constructed, established or situated prior to 23 December 1996 or commenced to be constructed or established on or before that date.

17. Public works constructed, established or situated after 23 December 1996 have had such effect on native title rights and interests as has resulted from Part 2 Division 3 of the *Native Title Act*.

(a) be the prescribed body corporate for the purposes of section 57(2) of the *Native Title Act*, and

(b) perform the functions mentioned in section 57(3) of the *Native Title Act* after becoming the registered native title body corporate in relation to Part 1 of the Determination Area.

20. The Native Title Holders (through Adnyamathanha Traditional Lands Association (Aboriginal Corporation) RNTBC), the State or any other Respondent have liberty to apply on 14 days' notice to a single judge of the Court for the following purposes:

(a) to establish the precise location and boundaries of any public works and adjacent land and waters referred to in Paragraphs 16 and 17 of this Order;

(b) to establish the effect on native title rights and interests of any public works referred to in Paragraph 17 of this Order; or

(c) to determine whether any particular area is included in the description in Paragraph 12 or *Schedule 2* of this Order.

(d) to address, if appropriate, any changes to paragraphs 12 and 13 above in light of the decision of the High Court of Australia in *State of Western Australia v Brown & Others* (No P37 of 2012 HCA) as it relates to pastoral improvements.

21. The Court notes in relation to the Determination Area as follows:

(b) The Agreement provides that the traditional rights and interests referred to in sub-paragraph (a):

(i) are not native title rights and interests; and

(ii) co-exist with the native title rights and interests.

(c) The State and other Respondent parties are not bound by the Memorandum of Understanding referred to in Paragraph 21(a) but acknowledge that the provisions of relevant State and Commonwealth legislation apply according to their terms from time to time in relation to the Determination Area.
