

Schedule 3 – External Boundary

The area of land and waters:

Commencing at the north-western corner of the northernmost severance of Lot 1 on YK4, being a point on the Wik and Wik Way Native Title Determination No. 4 (QCD2012/010), and extending easterly, southerly, and easterly along the boundaries of that lot and Lot 3 on SP140870 (also subject to that determination) until Longitude 142.393921° East; then south-easterly along the eastern boundary of Lot 4 on AP17644 of the Wik and Wik Way Native Title Determination No. 4 (QCD2012/010) until its intersection with the centreline of Aurukun Road at Longitude 142.397052° East; then north-easterly along the centreline of that road until it reaches Peninsula Developmental Road; then generally south-easterly along the centreline of Peninsula Development Road until it meets a point adjacent to the headwaters of Heskett Creek at Longitude 142.660578° East; then north-westerly in a straight line to the headwaters of Heskett Creek at Longitude 142.658150° East, Latitude 13.048170° South; then generally north-easterly along the centreline of Heskett Creek, as far as the junction of the intermittent stream at approximately Longitude 142.720304° East, Latitude 12.895012° South; then generally northerly and north-westerly along the centreline of that unnamed creek taking the northern channel to where it intersects with the eastern boundary of Lot 5 on SP241405 at Latitude 12.840698° South, being the Batavia National Park CYPAL (also known as Embley Range Nature Reserve); then northerly along this eastern boundary to the north-eastern corner of the Batavia National Park CYPAL where it intersects with the centreline of Sudley – Batavia Road; then north-easterly along that road until its intersection with the eastern-most tributary of Lydia Creek at Longitude 142.667264° East; then generally north-westerly along the centreline of the main channel of Lydia Creek to its intersection with an unnamed tributary at Latitude 12.499582° South; then northerly along the centreline of that tributary to its intersection with another unnamed tributary at Latitude 12.495680° South; then north-easterly in a straight line to join the south-eastern corner of the eastern-most severance of Lot 12 on SP241431, being the southern boundary of the Moreton Telegraph Station block; then north, westerly along the northern bank of the Wenlock River being the southern boundary of Lot 12 on SP241431; to the south-western corner of that lot, then southerly to the centreline of the Wenlock River; then generally southerly along the centreline of the Wenlock River to its intersection with the centreline of Schramm Creek; then

northerly along the centreline of Schramm Creek until a point at Longitude 142.548147° East, Latitude 12.435643° South; then in a westerly and south-westerly direction until a point on the centreline of the Wenlock River at Longitude 142.413905° East, Latitude 12.502787° South, passing through the following coordinate points:

| Longitude ° East | Latitude ° South |
|-------------------------|-------------------------|
| 142.529942 | 12.433202 |
| 142.507333 | 12.435638 |
| 142.465398 | 12.457528 |
| 142.429274 | 12.478770 |
| 142.416997 | 12.493218 |

Then westerly along the centreline of the Wenlock River until it meets the eastern boundary of the Northern Cape York #2 Native Title Claim Group determination (QCD2014/011); then southerly, westerly, generally north-westerly and south-westerly along the boundaries of that determination until its intersection with a western boundary of Lot 7024 on MP41159 (segpar #36193/005), further described as:

Southerly along the eastern boundaries of Lot 3 on SP269704 and Lot 21 on SP269704, being the boundary of Cox Creek, to the northern boundary of Lot 1 on SP304678; then westerly along the boundary of that lot to the south-eastern corner of Lot 23 on SP269704, being the boundary of Myall Creek; then generally north-easterly and generally north-westerly along the centreline of that creek to Mission River; then generally south-westerly along the centreline of that river to its intersection with a western boundary of Lot 7024 on MP41159 (segpar #36193/005);

then southerly along the western boundary of that lot to its intersection with the high water mark; then generally south-westerly, southerly and south-easterly along the high water mark to a point on the boundary of Lot 14 on SP120446 at Longitude

141.889140° East; Latitude 12.689082° South; then south-westerly along the eastern boundary of that lot until its intersection with Lot 1 on AP17647 of the Wik and Wik Way People Native Title Determination (QCD2009/002); then south-easterly and generally north-easterly along the boundary of that determination until it intersects with Lot 4 on AP9682 of the Wik and Wik Way Native Title Determination No. 2 (QCD2004/002); then north-westerly, generally north-easterly and generally south-westerly along the boundaries of that determination back to the point of commencement, further described as:

north-westerly and generally north-easterly along the northern boundary of Lot 4 on AP9682 of the Wik and Wik Way Native Title Determination No. 2 (QCD2004/002) until it intersects with the northern boundary of Lot 18 on SP266617 at Longitude 142.061002° East; then south-easterly and generally north-easterly along the boundary of that lot to its intersection with a southern boundary of Lot 7024 on MP41159; then north-easterly along the boundary of that lot until Longitude 142.076570° East; then generally north-easterly along the northern boundaries of Lot 18 on SP266617 and Lot 20 on SP266617, being Marmoss Creek, to its intersection with the northern boundary of Lot 1 on SP304678; then westerly and generally southerly along the boundaries of that lot back to the commencement point.

(all Subject to Survey)

Exclusions

The area that is subject to Indigenous Land Use Agreement (as registered) –QIA2001/002 (WCCCA) ILUA – 24 August 2001, as per Schedule B of the Native Title Determination Application.

Data Reference and source

- Cadastral data sourced from Department of Resources, Qld (August 2021).
- Watercourse lines sourced from Department of Resources, Qld (August 2021).

- Native title determinations sourced from the Commonwealth of Australia, NNTT (August 2021).
- Indigenous land use agreements sourced from the Commonwealth of Australia, NNTT (August 2021).

Reference datum

Geographical coordinates are referenced to the Geocentric Datum of Australia 1994 (GDA94), in decimal degrees.

Use of Coordinates

Where coordinates are used within the description to represent cadastral or topographical boundaries or the intersection with such, they are intended as a guide only. As an outcome to the custodians of cadastral and topographic data continuously recalculating the geographic position of their data based on improved survey and data maintenance procedures, it is not possible to accurately define such a position other than by detailed ground survey.
