

## “Attachment B” Description of External Boundaries

### BOUNDARY DESCRIPTION FOR THE GIA AND NGARO NATIVE TITLE AREA

The area of land and waters commencing at a corner point on the external boundary of Juru People (Part A) Native Title Determination (QUD554/2010) within Edgumbe Bay at Longitude 148.350007° East, Latitude 20.046613° South; then generally westerly, south westerly, southerly and south-easterly following the external boundary of that determination until its south eastern corner at Longitude 148.131106° East, Latitude 20.377974° South, passing through the following coordinate points:

<b>Longitude ° East</b>	<b>Latitude ° South</b>
148.230520	20.046613
148.183450	20.108301
148.146917	20.186848
148.135961	20.215459
148.129279	20.245877
148.125398	20.272208
148.123194	20.287271
148.116499	20.296402
148.115281	20.311012
148.119542	20.326232
148.119529	20.337207
148.123802	20.349972
148.120150	20.364582
148.123194	20.370669

then continuing in a south easterly direction until the intersection with the centreline of the Don River at Latitude 20.378920° South, then generally south easterly along the centreline of that river and the centreline of an unnamed tributary of that river until its headwaters at Longitude 148.273549° East, Latitude 20.562306° South; then south easterly until a point on the boundary of Lot 3 on SP323604 at Longitude 148.274080° East, Latitude 20.563504° South, also being the ridgeline of Clarke Range; then south easterly along the eastern boundaries of that lot and Lot 4611 on SP270181 (also being coincident with or closely aligned with the Clarke Range) until Latitude 20.662066° South (being the same latitude as Midge Point); then due east until the eastern boundary of the drainage basin boundary of the Andromache River catchment at Longitude 148.505205° East; then generally northerly and north easterly following that drainage basin boundary and passing through Dingo Mountain until the intersection with the centreline of the O'Connell River, then generally north easterly and south easterly along the centreline of the O'Connell River until the mouth of that river; then southerly along that river mouth until the high water mark of the coastline; then generally southerly along the high water mark until Midge Point at Latitude 20.662066° South; then easterly, northerly, north westerly, westerly and south westerly encompassing the Linderman and Whitsunday Islands and Gloucester Island until the point of commencement, passing through the following coordinate points:

<b>Longitude ° East</b>	<b>Latitude ° South</b>
149.197458	20.550238
149.236761	20.237576
149.115409	20.095166
148.952162	19.999107
148.419059	19.919918

(All Subject to Survey)

#### **Data Reference and source**

- Cadastral data sourced from Department of Resources, Qld (published 23/10/2023).
- Watercourse Lines sourced from Department of Resources, Qld (published 24/08/2023).
- River Basins sourced from Department of Resources, Qld (published 18/05/2021).
- Mountain Ranges, Beaches and Sea Passages sourced from Department of Resources, Qld (published 27/07/2023).

#### **Reference datum**

Geographical coordinates are referenced to the Geocentric Datum of Australia 2020 (GDA2020), in decimal degrees.

#### **Use of Coordinates**

Where coordinates are used within the description to represent cadastral or topographical boundaries or the intersection with such, they are intended as a guide only. As an outcome to the custodians of cadastral and topographic data continuously recalculating the geographic position of their data based on improved survey and data maintenance procedures, it is not possible to accurately define such a position other than by detailed ground survey.
